**OFFICE MEMORANDUM**

**Subject: Ceiling Price fixation of Coronary Stents (updated as on 04.01.2017).**

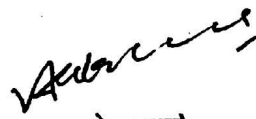

Department of Pharmaceuticals (DoP) has notified Coronary Stents as part of Schedule-I of DPCO, 2013 vide S.O. 4100(E) dated 21.12.2016. NPPA has initiated the exercise of determination of ceiling price of Coronary Stents.

2. Unlike other scheduled drugs, the market data of PTR is not being captured by AIOCD (Pharmatrac) because of the different nature of trade route in case of Coronary Stents where hospitals/nursing homes are acting as de-facto 'Retailers'. In the given scenario, NPPA has compiled price related relevant data from different sources but not in a position as of now to upload draft 'provisional price' as per DoP letter no. 31015/44/2016-PI.I dated 11.7.2016.

3. However, inspite of these limitations, in the interest of widest Stakeholders' consultation, following options of price control will be put up to Authority for price calculation of ceiling price of Coronary Stents:-

- (a) Average of Price to Distributors (PTD)/Price to Stockiest (PTS) + 16% Retailer Margin, if applicable.
- (b) CGHS prices + 10% Increase per annum as applicable in case of non scheduled drugs under para 20.
- (c) Cost of Production (CoP) + 35% Trade Margin for Domestic manufactured Stents as suggested by Sub-Committee report on Trade Margin.
- (d) Landed Cost (LC) + 35% Trade Margin for Imported Stents as suggested by Sub-Committee report on Trade Margin.
- (e) Average of (CGHS + PTD/PTS) + 16 % Retailer Margin, if applicable.
- (f) Average of Price to Hospital (PTH) + 16% Retailer Margin, if applicable.
- (g) Any other Methodology considered/adopted during the Authority Meeting.

4. Any Stakeholder may make representation with authenticated data/information within 10 working days to NPPA in order to take necessary action in the matter.
